JAPANESE BOAT BLOCKS
A RUSSIAN STEAMERYongampho Not Recognized as an
Open Port.

PEKIN, Sept. 2.—A telegram has been received here announcing that the steamer Stanley Dollar, formerly a Danish vessel, but now owned by an American, sent by a Russian company from Tien-Tsin to Yongampho, at the mouth of the Yalu River, Korea, for a cargo of lumber from the Russian concession on the Yalu River, was prevented from entering the port of Yongampho by a Japanese gunboat, whose commander said Yongampho was not an open port and that foreign merchant vessels had no right to enter it.

The "London Times" on August 12 printed a dispatch from Tokyo which said that Korea, had granted to the Russian Lumber Company a twenty years' lease of 350 acres at Yongampho, with the right to purchase at reasonable prices all the timber floated down the Yalu, by Korean subjects, thereby conferring a practical monopoly of the lumber in the Yalu Valley.

THE MERCURY HIGH
IN LONDON TOWN

LONDON, Sept. 2.—According to the almanac, summer came to an end Sunday, but yesterday proved one of the hottest of the year in London. A maximum of 82 degrees Fahrenheit was reached, this being only two degrees under the highest point reached by the mercury this year. Inasmuch as only a few days ago the temperature fell to within an appreciable distance of the freezing point, the sudden change was felt to an exceptional degree, during the day several cases of heat stroke were treated at the Metropolitan Hospital.

MISTOOK HIS DAUGHTER
FOR BIRD; KILLED HER

OTSEGO, Mich., September 2.—Duncan Swan, a farmer, accidentally shot his daughter Mary yesterday. She died from the wound. Swan had been troubled with crows in his corn. He saw the stalks moving yesterday, and thinking crows were in the patch discharged his shotgun. To his horror, during the day several cases of heat stroke were treated at the Metropolitan Hospital.

The only questions raised are as to the vote of Districts 23, 15, and 24.

A wedding of great interest to Carroll county people was solemnized at St. John's Catholic parsonage, Westminster, yesterday. The parties were Edward Lynch, of that city, and Mrs. Mary A. Walker, of Delaplane, Va. Mr. Lynch is one of the most prominent men of Carroll county and is seventy-six years old, and the age of his bride was given as sixty-two.

The Washington county Republican judicial convention yesterday declared in favor of Martin L. Keedy and he will be nominated by acclamation at Cumberland Thursday for associate judge of the Fourth circuit. Mr. Keedy was authorized to name the delegation to the Cumberland convention. Robert R. LORD ROBERTS WILL
NOT VISIT AMERICA

LONDON, Sept. 2.—Although Field Marshal Lord Roberts is still booked to sail for Boston on the Mayflower on September 23, it can now be definitely said that he is not going to the United States this autumn. The alteration in his plans was necessitated by the postponement of the British army maneuvers until the middle of September, because of the bad weather which has retarded the harvesting of the crops and the situation in Somaliland, the war of which he is not going to the United States this autumn. The alteration in his plans was necessitated by the postponement of the British army maneuvers until the middle of September, because of the bad weather which has retarded the harvesting of the crops and the situation in Somaliland, the war of which he is not going to the United States this autumn.

"NO, THANKS, GENTLEMEN."
SAYS COLER TO TAMMANY

NEW YORK, Sept. 2.—Bird S. Coler, called at Tammany Hall and had a long talk with Charles F. Murphy yesterday. Mr. Coler denied emphatically that he was a candidate for mayor. Recently the lower East Side was mysteriously flooded by campaign buttons bearing the legend, "Bird S. Coler, Tammany's candidate for mayor." "I just came up here to have a chat with Mr. Murphy in regard to the political situation," Mr. Coler said after the conference. "We had a pleasant chat, and I learned a lot about politics."

RUSSIA TAKES STEPS
TO STAMP OUT ZIONISMMinister De Plehwe Issues Orders
to Governors.

LONDON, Sept. 2.—The "Times" Russian correspondents say that a secret circular against Zionism has been issued by M. de Plehwe, the Russian minister of the interior, to the governors and prefects and other authorities. The circular explains the Russian government's hostility to the promotion of the Jewish national idea, and orders the authorities to take the following measures:

First—To prohibit the action of "mahids," or traveling agitators, who make speeches in synagogues and public meetings.

Second—Not to allow public meetings.

Third—To compel the Zionist leaders to undertake in writing not to collect any more funds, and to further agree to transfer the present funds to the Odessa Society for helping Jews in Syria and Palestine.

Fourth—To prevent the collection of money for the Jewish national fund.

Fifth—To compel the Zionist leaders to undertake in writing not to collect any more funds, and to further agree to transfer the present funds to the Odessa Society for helping Jews in Syria and Palestine.

Sixth—To confiscate all shares in the Jewish national fund now circulating in Russia.

Seventh—To closely watch all schools, libraries, and other institutions where Hebrew is taught.

MASKED MEN ATTACK JAIL
TO GET NEGRO PRISONER

SHAWNEETOWN, Ill., Sept. 2.—A mob of fifty masked men, bent on lynching, went to the jail here yesterday morning and demanded that Jailer Galloway turn over to them John Griffin, a negro, who was under arrest for an attempted assault on Mrs. Joseph Hobbs, a white woman, near her own home. Griffin had been frightened away by the woman's screams and had been arrested a short while afterward. When the mob demanded that Jailer Galloway turn over the negro Galloway armed himself and after reasoning with the men from the jail door, he warned them that any effort to force the jail would be at their own peril. The mob, in spite of the warning, made several ineffectual attempts to break down the jail doors, finally dispersing about daylight.

MURDERS ATTRIBUTED
TO MOLLY MAGUIRES

TAMAQUA, Pa., Sept. 2.—The continued criminality in the anthracite coal fields of northern Pennsylvania has not only aroused a feeling of insecurity among the residents of the poorly protected mountain districts, but the authorities are becoming puzzled over the mystery surrounding the numerous murders committed here. It is evident that Molly Maguireism is cropping out again. The coal and iron police and detectives declare that the spirit of Molly Maguire brotherhood is as strong in certain localities as during the early seventies, when diabolism was rampant throughout the coal fields.

DR. WALLACE STILL
STICKS TO THEORY

LONDON, Sept. 2.—Dr. A. R. Wallace, whose article in the "Fortnightly" last March on "Man's Place in the Universe" produced an immense amount of scientific discussion, replies to his critics in the September "Fortnightly." He surmounts some subordinate positions, but adheres to his main contention that all probabilities point to the provisional conclusion that our earth is the only inhabited planet in the whole stellar universe. As Dr. Wallace admits there is no evidence on the subject, his laborious study of the point seems a case of love's labor lost.

A FURTHER HONOR
FOR PRESIDENT WITTE

ST. PETERSBURG, Sept. 2.—M. Witte, the former minister of finance, recently appointed president of the council of ministers, has been appointed a member of the council of the empire. The council of the empire corresponds to the executive branch of the government, while the council of ministers is more directly concerned with the promulgation of new laws relating to the different government departments.

The youthful bride returned to her mother and a month ago sued for divorce.

THIS ACTRESS WEDS
A JERSEY MILLIONAIRE

Romance Begun in New York Ends in Cleveland.

CLEVELAND, Sept. 2.—A romance involving an actress and an Eastern millionaire ended in Ashtabula yesterday, when May Rollins and Harvey Robertson were united in marriage by the Rev. Dr. Pierce.

Miss Rollins was the daughter of a wealthy Chicagoan, but was placed in a children's home when a child, and was later adopted by a family living west of that city.

Through a lawsuit she obtained a small fortune, and with it went to New York last year.

In New York she went on the stage, and it was there that her charms caught the eye of Robertson, who was a student of Lafayette College. He lost no time making her acquaintance and capturing her heart.

Robertson, by the death of his parents, was left a fortune. His home is in Newark, N. J. Mr. and Mrs. Robertson left Monday for a wedding trip to San Francisco.

ANGLO-SAXON UNION
SURE, SAYS CARNEGIEThinks England Will Again Be
Dominant Power.

BARROW-IN-FURNESS, England, Sept. 2.—The autumn conference of the Iron and Steel Institute opened here yesterday, under the presidency of Andrew Carnegie.

In beginning his speech Mr. Carnegie said that the record in iron and steel in England, "the great little mother of nations," had not been equaled by any of her children, although her oldest and biggest seems to inherit his mother's indomitable spirit and the ability to work miracles. "In all matters of iron and steel, however," continued Mr. Carnegie, "the child has been borne upon the shoulders of the parent."

"Gentlemen," said he, "unfortunately an ocean exists where we should have preferred prairies, but it is traversed in about the same time as the three thousand miles of land between Montreal or New York to the Atlantic and San Francisco or Victoria on the Pacific. Who so bold as to predict that never is our race to succeed in converting the ocean, hitherto a barrier to your branches, into a pathway to reunion of the two ones united branches."

"Not I. My faith is unshakable that some day this will be accomplished, and that instead of being two small islands here, alien to the European Continent, you will look across the sea to your own children in Canada and the United States and become once more the mother member of the dominant power of the world."

DENTIST'S PATIENT
FLED WITH TEETH

SELINS GROVE, Pa., Sept. 2.—Dr. N. Kantner, a dentist of this place, had a novel experience recently. He says that a man residing in an adjoining village procured his services to make a set of teeth. When the teeth were completed his customer called and was permitted to try them. The teeth being put in position in his mouth, the latter feigned an excuse to step outside the doctor's office for a moment, and once outside, jumped into his buggy and drove off without settling.
